Our Family Education Weekend at Center Parcs Sherwood Forest Holiday Village is now arranged and provides a great opportunity for families to make social contacts with other families and to meet other implanted children.

A half-day conference is included on the Saturday for adults and entertainment is offered to children in a separate area during this session.

Also join us for a morning coffee from 9.00 am – 10.00 am on the Saturday – a chance to meet other families to “break the ice” and an opportunity to troubleshoot any queries/problems with manufacturers.
