Update from Cochlear UK

Brian Walshe

UK Marketing Manager
Cochlear Europe Limited

Abstract:
An update on Cochlear’s portfolio of Implantable Hearing solutions focusing on educational environments.

Biography:
Brian has spent the last 26 months of his career re-acquainting himself with the world of Implantable Hearing solutions. From 2001 to 2011 Brian took a ‘sabbatical’ from the world of medical devices into Telecommunications. In the early part of his career (1989 to 2001) Brian worked for a number of medical device companies (Medtronic, Guidant and Cochlear) in European marketing and business development roles. His current role is working to develop the market for Implantable Hearing solutions for Cochlear UK.
